RAPID TRANSIT.—A new three-story brick choice lots, 25x105 feet, under close restrictions, in a first-class as bood, near Prospect Park, Brooklyn, sad the line of the propose Transit Seam Rosel, for sale at \$500 and apward; a spiculad tunity for investment or speculation. Apply at the office of line J. WALKER, No. 112 John-st., New-Tork, from 12 to 2 o'clock. There were no public sales made at the Exchange The sale of Brooklyn properties near to-axy of zero, consecus, gr., whiled in the disposal of 14 lots and 5 parcels of improved properties, aggregating #34,149. We append full particulars.

The general market during the past week has been raiber more quiet than during the week previous, although several sales by private contract have been reported and some few public transactions have been communicated as the Exchange which have been of considerable important that the contract realized among the latter, and undoubted.

Long Island Real Estate for Sale.

-SPRING, 1873.-Now is the time to locate, and no better opportunity will be presented than this. A face of GROUND, 120 feet front by 186 feet in depth, located on one facest streets of Plenhing, "the flower garden of Long Island," inter easy walls from two depots; one hour from City Hall; on round; near churches schools, and stores. For particulars consummated as the Exchange which have been of considerable importance in view of the prices realized, among the latter, and undoubtedly the most noticeable was the sale of less located on Eleventh-ave., One-hundred-and-first and One-hundred-and-second-sts., made on Thorsday by Jere. Johnson, it. at which sale, although the properties are very desirably located, and good prices were looked for, the results far exceeded the anticipations of the most sampaine. While the "Rast Side" has strong partisans, the most desirably located loss are generally held by those shandantly hile to wait until the natural demand for improvement enables them to realise the prices asked. Yet ac-called "West Side" properties are visionated by the greater majority of operatorsay the most favorable for active speculation, and the satural results into a very large proportion of the actual fransactions are in this class of reality. The very side since and again at the sale above referred to fully bears as out in since and again at the sale above referred to fully bears as out in colinion, and the squared anxiety field us to the success of the sale field to since and again at the sale above referred to fully bears as out in additional proof. There is no doubt but a short season because weather, which will probably take plane en the last post, is an additional proof. There is no doubt but a short season because the sale and the superally substantially substantiall ance in view of the prices realised, among the latter, and undoub
